Introduction

1. Title of the first chapter

An example citation: ?

1.1 Title of the first subchapter of the first chapter

1.2 Title of the second subchapter of the first chapter

2. Title of the second chapter

2.1 Title of the first subchapter of the second chapter

This is a paragraph. $f(x) = \sum_{i=0}^n i^x$

This is a second paragraph which contains a lot more words so it should wrap the contents on the second line which would also be quite long and so this will be fun to watch as hopefully it works but maybe it won't – we'll see.

Cool, so that works, nice. Let's try some code now:

```
using System;

public static class Program
{
    public static void Main(string[] args)
    {
        Console.WriteLine("Hello world");
    }
}
```

2.2 Title of the second subchapter of the second chapter
